

SUBSTITUTE A NEW MAN

Schuebel's Name Will Be Withdrawn.

CLEETON MAY BE NAMED

Senator Fulton and Representative Ellis Decline to Discuss Situation.

NO SETTLEMENT YET REACHED

Bourne's Discomfiture Over the Defeat of His Man is Touched Upon in the Local Papers—By and With the Consent of the Senate.

WASHINGTON, Feb. 5.—Asked this morning if he had joined other members of the Oregon delegation in recommending the appointment of Thomas J. Cleeton as District Attorney and would file a withdrawal of Schuebel's name. Senator Bourne reiterated the statement made by him last evening:

"No settlement has been reached in the District Attorneyship matter."

Asked if it was not expected Cleeton's name would be sent to the Senate this week, he said such action would be a great surprise to him.

Senator Fulton and Representative Ellis decline to discuss the situation and will neither confirm nor deny the report that Cleeton is to be named and Schuebel dropped. Despite the assertion of Bourne to the contrary, it is known, with reasonable certainty, that an agreement was reached as indicated by these dispatches to withdraw Schuebel's name and substitute a new man, and it is expected that Cleeton's nomination will be sent to the Senate without delay.

Bourne's discomfiture over the defeat of his man is touched upon in the local papers. The Washington Post says that Bourne has earned through the incident that appoints are made by and with the consent of the Senate.

FORBID GIRLS TO WEAR HATS

CHICAGO, Feb. 5.—Men students in the Psychological class of Prof. Wm. Waugh of the University of Chicago, have petitioned their professor to forbid the wearing of picture hats by girls in the class room. They assert the forests of veils and plumes interrupt their gaze upon the professor and cause them to flunk. On Monday the professor sent out flunk notices to more than three-fourths of the men in the class, and the petition was their response.

Prof. Waugh said the matter would be taken to President Harry Pratt Judson.

SIR HARRY McLEAN.

TANGIER, Feb. 5.—It is said that Sir Harry McLean, who was kidnapped by Raisuli seven months ago will arrive in Tangier tonight and will probably be released tomorrow. The British government pays Raisuli \$100,000, and guarantees him protection and immunity.

ATTEND TO BUSINESS.

Fulton Will Not Come to Oregon to Answer Heney at This Time.

WASHINGTON, Feb. 5.—Senator Fulton will not go to Oregon to answer Francis J. Heney. Yesterday afternoon Mr. Fulton was undecided. Last night he announced that he would go, and now he says he will not. Senator Fulton has been deluged with telegrams from friends in all parts of Oregon, urging him to stay here, and take care of Mr. Heney later. This he decides to do and says:

"Since announcing my intention of returning to Oregon, I have received a great number of telegrams from business men, urging me to continue at my post of duty, and I have concluded for the present to remain here. My own judgment and inclination were to go to Oregon and make a speech, and perhaps several, in answer to Mr. Heney's attack, but I am assured by so many citizens of Oregon that my duty is to remain here at work that I concluded to be guided by their judgment. I shall as soon as I can get some necessary data prepared and forward to the press of Oregon a written statement refuting the charges, and later, before the primary elections, will probably arrange to spend some days in and deliver some speeches in Oregon."

PITTSBURG UN-EMPLOYED.

PITTSBURG, Feb. 5.—With immediate work for only 3000 men in sight, the city hall was stormed by the unemployed and 6000 application blanks were issued. A relief measure provided by an ordinance appropriating \$220,000, for public improvements to employ the idle men is inadequate.

DEMANDS LIBERTY

Thaw Wants Immediate Release From Matteawan Asylum

LITTLETON FAVORS WAITING

In Case Absolute Liberty is Denied Thaw Would be Willing to go to a Private Sanitarium Where he Could Receive Treatment to His Liking.

NEW YORK, Feb. 5.—Harry K. Thaw has demanded of his attorneys that they take immediate steps to secure his release from the Matteawan Asylum for the Criminal Insane. It is reported that Thaw demands absolutely liberty but being denied this, is willing to spend a time in a private sanitarium where he can receive treatment that is to his liking. Thaw was acquitted on Saturday of the murder of Stanford White on the ground that he was insane when the crime was committed. He was immediately sent to the Matteawan Asylum. Martin W. Littleton, who was Thaw's chief counsel during the trial, is known to favor Thaw's remaining at the asylum for several months, or until public sentiment has had an opportunity to change before a move is made for his release. Mr. Littleton, however, was engaged, it is said, solely to conduct the case in court, and is therefore acting at the present time solely because of his natural interest in the case.

Mr. Littleton last night attended a conference of Thaw's family and personal attorneys at which the matter of his removal to some other institution than the Matteawan Asylum was discussed. It is said that he stated at this conference that he did not believe it wise to ask for a writ of habeas corpus at this time and stated that Thaw might be removed to a private sanitarium by order of the state board of lunacy in case the board could be convinced that he would be better off there in such an institution.

Mr. Littleton expects to leave for Florida today or tomorrow and expects to remain there for three or four weeks.

THE ISSUES OF THE DAY

Payne Speech Receives Prolonged Applause

TARIFF REVISION PLANK

Devoted Attention to Bryan Whom He Accused of Crediting Roosevelt With Larceny.

IN PURLOINING HIS IDEAS

As for the Republicans he Said They Would be at the Polls Next November with a Platform That Meant Something.

WASHINGTON, Feb. 5.—The tariff revision and the President's recent special message to Congress were the main topics of discussion in the House today. As has been the case for nearly a week, the Indian appropriation bill is ostensibly before the House but in no quarter was any word spoken in regard to it. The House had apparently made up its mind to discuss the issues of the day and no effort was made to check the flow of general debate, which will be continued tomorrow. The long speech of Payne, New York, majority leader, is considered important because of his assurances that a tariff revision plank would be incorporated into the Republican national convention's platform this year. He devoted some attention to Bryan whom he accused of going about the country crediting Roosevelt with grand or petit larceny in purloining his ideas. In his House today Payne paid a tribute to Theodore Roosevelt. He said that he has a warmer place in the hearts of the American people, in the hearts of plain men, in the hearts of intelligent citizens, in the hearts of the righteous citizens of this country than has ever been occupied by any public man in this country. Here Payne received a prolonged applause.

Discussing some of the President's recommendations Payne said he hoped before the close of the session a bill would be passed modifying the employers' liability act, although he said it was one of the most difficult pieces of legislation with which Congress had to deal.

Payne said undoubtedly that some simple financial legislation was necessary and he thought the Aldrich bill with some few additions would meet the emergency. Payne charged that the Democratic party is a party of negation. As for the Republicans he said they would be at the polls next November with a platform that meant something. They would declare on the tariff question in no uncertain manner, and that they will declare for the tariff revision.

ASPHALT COMPANY.

CARACAS, Venezuela, Feb. 5.—The first suit of the government against the New York and Bermudez Asphalt Company for the annulment of the company's concession to take crude asphalt from Venezuelan territory, came to an end yesterday when the high federal court of Venezuela handed down a judgment approving the assessment of \$200,000 made against the company for alleged failure to fulfill the terms of its contract with the government.

SERVANT VS. SOCIETY WOMAN

Mrs. Foster Thinks \$1 a Day Too Much For Hard Graft.

CHICAGO, Feb. 5.—A dispatch to the Record Herald from Boone, Iowa, says:

Hanna Olson, a servant girl, who declares that domestics cannot afford to work for less than one dollar a day, said yesterday she would accept the challenge of Mrs. M. J. Foster, society woman, for a week's contest in housework. Mrs. Foster alleges that \$1 a day is too much for servants, that most of them are incompetent and that she will prove it by rolling up her own sleeves and going to work. Plans for the remarkable contest are going forward.

The majority favor setting the two women at work each in a home of the same number of rooms and about the same conditions. A committee will be named, of which the Y. M. C. A. will furnish one member, the Boone newspapers another and the third will be chosen by these two. One judge will stay in each house the entire week, while the third will alternate. Credits will be given for time consumed and for condition of kitchen, bedroom and bedrooms at noon.

CHICAGO, Feb. 5.—In the midst of the preparations for his wedding, which was to have been celebrated last night at the home of his intended bride, Miss Yetta Wegmann, Joseph Weinburg, a tailor, was arrested on a warrant charging him with grand larceny. The ceremony had to be postponed. The arrest of Weinburg was caused by Miss Fannie Lewis who charges that Weinburg promised to marry her and took some jewelry and money belonging to her.

PRAIRIE FIRE IN COLORADO.

PORTUGAL PACIFIED

The Troops Are Less Conspicuous.

A MAKESHIFT MINISTRY

Funeral Of The Late King And Crown Prince Will Be Held Saturday.

FRANCO'S FATHER ATTACKED

Pessimists believe the Revolutionary Activity is More Widely Spread Than Appears on the Surface, and the Situation is Not Improved.

LISBON, Feb. 5.—The situation here is quiet. The troops are less conspicuous and if Saturday, the day of the funerals, passes without incident, the present crisis may be regarded as at an end.

The funeral of the late king and crown prince on Saturday will be attended with ceremonies of a most impressive dignity and with the display of all that mourning pageantry which attends the obsequies of Portuguese monarchs. The ceremonies will begin at 10 o'clock this morning.

In spite of the present tranquility throughout the country there are pessimists who believe the revolutionary activity is more widely spread than appears on the surface and that the situation is not improved by the combination of a young and inexperienced king under the dominance of his adored mother with reactionary clerical tendencies, a makeshift ministry and a premier who is a socialist rather than a statesman.

Pessimists believe Franco is arranging the selection of a new leader for the regenerator of the progressive party. Franco's father was attacked by the mob on the street today.

The king today signed several decrees of conciliatory tendencies.

SUNDAY EVENING CLUB.

CHICAGO, Feb. 5.—A rival of the Sunday theatres, music halls and saloons in the downtown district are places of Sunday evening resorts has entered the field. It is the Chicago Sunday Evening Club, organized by business and professional men who have guaranteed an expenditure of more than \$15,000 for the coming year to provide a place where strangers in Chicago and Chicago's downtown hotels can gather on Sunday evening for religious services in preference to the attractions that cater only to pleasure.

Orchestra Hall has been leased by the club for the Sunday evenings for the remainder of this season and all of next season, beginning with October and ending with July. The first service will be on February 16.

The services will be strictly undenominational. Both Protestant and Catholic clergymen, in addition to public men from Chicago and elsewhere, will appear on the platform.

HUDSON TUNNELS TO OPEN.

NEW YORK, Feb. 5.—The tunnels New York and New Jersey will be opened to the public February 25. President Roosevelt will touch a button on his desk in the executive office in the White House at Washington which will mark the formal opening of the tunnel, trains on which will be the governors of the two states and various other distinguished guests being started on the signal which the President will give.

MADE OPENING STATEMENT.

Hency Grills Hall, His Associates and His Political Friends.

PORTLAND, Feb. 5.—Francis J. Heney, for the government today, made the opening statement to the jury in the John H. Hall conspiracy case. His arraignment of Hall and his associates and political friends was terrible. He spared no words in his condemnation and said Hall had used his office to protect his powerful friends but had vigorously prosecuted the smaller and less influential offenders. Judge Webster, for the defense, will begin his final argument tomorrow morning and will probably occupy the entire day. It is expected the case will be in the hands of the jury Friday afternoon.

ENGLISH CAPITALIST'S VISIT.

SAN FRANCISCO, Feb. 5.—Sir Edgar Vincent, an English financier, who is now a guest with Ambassador Whitelaw, Reid at the home of D. O. Mills in Millbrae is making his visit to the Pacific Coast, it is said, a part of a trip devoted to studying the condition of railroad stocks and securities in the United States with a view to directing the investment of English capital in American transportation enterprises.

Sir Edgar's visit to the coast is understood to have as its object an investigation of Harriman's interests in the west and also of the United Railroads of San Francisco.

Before leaving the coast Sir Edgar will journey as far south as Los Angeles and then will return and make an extensive northern tour, carefully inspecting the physical condition of the Southern Pacific throughout California and Oregon.

HABEASCORPUS CASE

Guilty of Conspiring Against Republic of Mexico.

OF INTERNATIONAL INTEREST

Three Men Arrested by a Deputy U. S. Marshal at Los Angeles on a Warrant Sworn to by the Mexican Ambassador, Antonio Lozano.

SAN FRANCISCO, Feb. 5.—There will be something like international interest in a habeas corpus case which comes up before Judge Ross in the U. S. circuit court of appeals at 9 o'clock this morning. The question will be raised whether or not Ricardo Flores Magon, Antonio J. Villareal and Librado Riviera are guilty of conspiring against the Republic of Mexico and its ruler, porfrio Deiz.

They were arrested in Los Angeles on charges of criminal libel and resisting an officer, August 23 last, but this proved to be only a subterfuge, for they were soon released and immediately re-arrested by a deputy U. S. Marshal on a warrant based on a complaint sworn to by Antonio Lozano, the Mexican ambassador to the United States, which charges that trio murdered an unidentified man and robbed the postoffice at Jimenez, Mexico. Their attorney bases the petition for a writ of habeas corpus on the ground that neither the original complaint filed before the commissioner in Los Angeles, the indictment based on the removal proceedings, nor the evidence taken before the commissioner and district attorney show conspiracy.

TO THE MINES FOR LIFE.

SAN FRANCISCO, Feb. 5.—The Norwegian steamer Rygja, which arrived here yesterday from Chilia via Sydney, Australia, reports the murder of a seaman named Walter Neden, shortly after the vessel started on her voyage. On arrival at Talta the murderer, Bernt Brunskowsky, was turned over to the authorities there who tried him and sent him to servitude in the mines for life.
